

A. Duie Pyle Opens Baltimore Service Center

Brings 65 jobs to area and marks the leading Northeast carrier's 23rd service center

WEST CHESTER, Penn. – Sept. 16, 2014 – [A. Duie Pyle](#) (Pyle), the Northeast's premier provider of asset and non-asset based transportation and supply chain solutions, announces it has opened a new transportation service center in Baltimore, Maryland. The nearly 33,000 square-foot state-of-the-art facility will support the company's Less-Than-Truckload (LTL) and Truckload (TL) services in the Baltimore/Washington corridor. The center, conveniently located on I-95, will initially bring 65 jobs to the area. A special event will be held at the terminal for local customers and community officials on Wednesday, September 17.

The Baltimore location features Pyle's latest technology designed to streamline and accelerate the movement of freight from pickup to delivery. Energy efficient systems have been installed for lighting, heat and air conditioning, and the building's interior and exterior lights will be controlled by occupancy sensors and photo cells. This all-weather facility is designed to operate even in extreme weather emergencies with its own power generating and snow removal capabilities.

"This new 60 door service center allows us to better serve our existing and future LTL and TL clients," noted Peter Latta, Chairman and CEO of Pyle. "Our infrastructure expansion supports our growth and continuing commitment to our many customers in Maryland and northern Virginia."
