Leading northeast-based carrier recognized for the second consecutive year

WEST CHESTER, PA. – May 13, 2014 – [A. Duie Pyle](#) (Pyle), the premier provider of asset and non-asset based transportation and supply chain solutions in the Northeast, has been named Platinum Award Winner by Echo Global Logistics (Echo), a leading transportation management provider. This prestigious award recognizes companies for outstanding Less-Than-Truckload (LTL) services.

“We are extremely flattered to again be named a Platinum recipient of Echo’s annual regional LTL award,” said Russ Miceli, vice president of sales at Pyle. “Pyle has been working with Echo for more than seven years. We cannot thank our Pyle People enough for continuing to deliver the outstanding service that has again distinguished us from other carriers.”

For the second consecutive year, Echo has honored Pyle with the Platinum award. This award – given to only a few carriers annually – recognizes strategic regional LTL carriers who have demonstrated outstanding service, commitment and performance to Echo’s customers and employees. Quality, communication, invoice accuracy, claims, customer service, responsiveness, website and training were all reviewed in determining award recipients.
