

New A. Duie Pyle Website Provides Customers Fast and Easy Access to Shipping Information

Leading supply chain solutions provider offers an upgraded website and secure customer portal.

WEST CHESTER, PA. – Jan. 20, 2015 - [A. Duie Pyle, Inc.](#) (Pyle), the premier leader of asset and non-asset based transportation and supply chain solutions in the Northeast, has launched a new all-inclusive website, designed for seamless navigation for all their customers' transportation and warehousing needs.

The redesigned website has many updated features including:

- Easy access to Pyle's industry leading shipment tracking capabilities, Dashboard-to-Desktop™, providing real-time visibility and time-saving automated shipment status notifications.
- **"My Pyle"** Account Management, a secure customer portal providing registered users access to a comprehensive suite of personalized shipping tools.
- A weather alert center enabling customers with real-time updates on Pyle operations during inclement weather.
- Full integration with social media so customers can keep current with Pyle news, events, and weather alerts on Facebook, Twitter and LinkedIn.
- A responsive design to provide an optimal viewing experience across a wide range of devices.

Registered Pyle customers can take advantage of the redesigned My Pyle Account Management section of the website in order to manage their day-to-day transportation needs quickly and accurately. My Pyle delivers a personalized experience for fast rate quotes, pickup scheduling, bill of lading creation, advanced satellite tracking, and customized reporting.

Visitors to the new website can also access a wealth of information about Pyle's complete range of integrated transportation and distribution services including Less-than-Truckload (LTL), Truckload (TL), Brokerage Solutions, Warehousing & Distribution, and Custom Dedicated Solutions. As a family owned and operated business for more than 90 years, Pyle's entrepreneurial family culture and service-first approach are evident throughout the site.

"The new design provides our customers with the information and tools that they need to manage their day-to-day transportation needs quickly and accurately," said chief operating officer Randy Swart. "We understand that our customers live in a fast-paced world and need to access information throughout the day which is why we focused on making the site accessible on smartphones and tablets."
